

SCIENCE POOL

DIVE INTO THE
WORLD OF
KNOWLEDGE

- Low-threshold of science teaching to children & adolescents 4–18 y.
- Adult further education in science
- Teacher training

SCIENCE LABS
90-minute workshops in our headquarters: e.g. social science, new energy science, Werkstätten programme.

SUMMER/AUTUMN SCIENCE
Weekly workshops for lateral thinkers in kindergarten, primary and secondary schools.

MUSEUM DER NERDIGKEITEN
Collection of unusual exhibits to touch and try out: e.g. terraforming sandbox, icaros, retractable.

SCIENCE CLUB
(Vienna, Burgenland, Carinthia) and Science School (Lower Austria) 9-10 times per semester as an after-noon course in schools. Every semester a new program – THE additional education in natural sciences, or MINT!

MAJOR PUBLIC EVENTS
Parties for kids, adults, families or corporations.

Can be huge events (20,000 people), indoor & outdoor, mini-workshops, mobile exhibitions, Zorben and many others.

Explore science with Science Pool

To grasp ideas, you have to use your hands as well as your mind; to understand techniques, your feet need to be firmly on the ground even if your head's in the clouds!

Therefore, our programmes are designed to maximize student participation. Children need to experience trial, error and success themselves in order to develop their creativity, enabling an innovative and solution-oriented attitude towards research.

Science Pool is as varied and versatile as its participants. So, logically, we offer diverse forms of education to our science-hungry learners, who cover the entire school spectrum – from kindergarten to senior school.

We cooperate with science clubs and schools, we help to organize the Long Night of Research we hold summer programmes and run science labs. Our Museum der Nerdigkeiten has become part of Vienna's museum landscape.

You will find us

- at home in Wien Simmering
- at our lakeside seat in Klagenfurt
- at SCIENCE CLUBS in schools and kindergartens in Vienna, Burgenland and Lower Austria
- at major events and family festivities

But our reach goes beyond the school and the private sector, we are also found in colleges and universities.

VIENNA

- SCIENCE CLUBs
- SCIENCE LABs
- SCIENCE NIGHTS
- SCHILF (teacher training)

AT OUR HEADQUARTERS

- Museum der Nerdigkeiten
- Our own zoo
- Workrooms

PROJECTS VIENNA :

- MoMo
- Science Experts
- Timi's Mini Mints
- Pre-school at EVS Karlsplatz
- Science Academy social
- Smarter Together

AND MUCH MORE:

- Summer specials
- Major events
- Long night of research
- Events
- Company party

LOWER AUSTRIA

- SCIENCE SCHOOLS
- SCIENCE LABs
- SCIENCE NIGHTs
- SCHILF (teacher training)

PROJECTS IN LOWER AUSTRIA:

- Young uni
- Marktplatz der Wissenschaft
- Science Fair
- SCIENCE GOES SCHOOL (SgS)
- Major events

BURGENLAND

- SCIENCE CLUBs
- SCIENCE NIGHTs
- SCIENCE IN ACTION (SIA)
- SCHILF (teacher training)
- Major events
